

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

This form summarizes the requirements in Order No. 01-182. Each Permittee must complete this form in its entirety, except for those requirements applicable only to the Principal Permittee. Only report activities that were performed during the previous fiscal year. Upon completion, this form shall be submitted to the Principal Permittee, by the date specified by the Principal Permittee, for inclusion in the unified Annual Storm Water Program Report. Attachments should be included where necessary to provide sufficient information on program implementation.

The goals of this Report are to: 1) concisely document implementation of the Storm Water Quality Management Program (SQMP) during the past fiscal year; 2) evaluate program results for continuous improvement; 3) to determine compliance with Order 01-182; and 4) to share this information with other Permittees, municipal decision makers, and the public.

!	YOU MUST FILL OUT ALL THE INFORMATION REQUESTED <i>Do not leave any of the sections blank.</i>
N/A	If the question does not apply to your municipality, please indicate N/A in the space provided and provide a brief explanation
U	If the information requested is currently unavailable, please indicate U in the space provided and give a brief explanation.

This Report Form consists of the following sections:

<b>SECTION</b>	<b>PAGE</b>
<b>I. Program Management</b>	<b>2-4</b>
<b>II. Receiving Water Limitations</b>	<b>5</b>
<b>III. SQMP Implementation</b>	<b>5-7</b>
<b>IV. Special Provisions</b>	<b>8</b>
<b>IV.A. Public Information and Participation Program</b>	<b>8-14</b>
<b>IV.B. Industrial/Commercial Facilities Program</b>	<b>15-17</b>
<b>IV.C. Development Planning Program</b>	<b>18-21</b>
<b>IV.D. Development Construction Program</b>	<b>22-23</b>
<b>IV.E. Public Agency Activities Program</b>	<b>24-33</b>
<b>IV.F. IC/ID Elimination Program</b>	<b>34-37</b>
<b>V. Monitoring</b>	<b>38</b>
<b>VI. Assessment of Program Effectiveness</b>	<b>38</b>
<b>VII. Certification</b>	<b>39</b>

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**Reporting Year 2011- 2012**

**I. Program Management**

A. Permittee Name: City of Cerritos

B. Permittee Program Supervisor: Mike O'Grady

Title: Environmental Services Manager

Address: P.O. Box 3130

City: Cerritos

Zip Code: 90703

Phone: 562-916-1226

Fax: 562-916-1211

C. In the space below, briefly describe how the storm water program is coordinated within your agency's departments and divisions. Include a description of any problems with coordination between departments. To facilitate this, complete the Table 1.

The City's Environmental Services Manager is the program manager for the City's Storm Water Management Program. As the program manager, the Environmental Services Manager is responsible for ensuring the City's overall compliance with requirements of the Los Angeles County Municipal Storm Water Permit. The program manager attends all necessary meetings, and coordinates/delegates specific responsibilities to applicable staff.

**TABLE 1 - Program Management**

<b>Storm Water Management Activity</b>	<b>Division/Department</b>	<b># of Individuals Responsible for Implementing</b>
1. Outreach & Education	Environmental Services/PW	1
2. Industrial/Commercial Inspections	Environmental Services/PW	1 - Contracted
3. Construction Permits/Inspections	Environmental Services/PW Engineering/PW Building & Safety/CD	4 - Contracted
4. IC/ID Inspections	Environmental Services/PW PW Field Crews	3
5. Street sweeping	Environmental Services/PW	1 - Contracted
6. Catch Basin Cleaning	Maintenance Division/PW LA County Public Works	1 - Contracted
7. Spill Response	PW Field Crews	4+ - Contracted
8. Development Planning (project/SUSMP review and approval)	Environmental Services/PW Engineering/PW Community Development	3 - Contracted
9. Trash Collection	Environmental Services/PW	1 - Contracted

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

D. Staff and Training

Attach a summary of staff training over the last fiscal year. This shall include the staff name, department, type of training, and date of training.

E. Budget Summary

1. Does your municipality have a storm water utility? Yes  No

If no, describe the funding source(s) used to implement the requirements of Order No. 01-182.

The City's Storm Water Management Program is funded through the City's general fund.

2. Are the existing financial resources sufficient to accomplish all required activities? Yes  No

3. Complete Table 2 to the extent that accurate information is available (indicate U in the spaces where the information is unavailable), and report any supplemental dedicated budgets for the same categories on the lines below the table.

4. List any additional state/federally funded projects related to storm water.

The City of Cerritos utilized approximately \$7,700 of its Used Oil Block Grant to fund pollution prevention ads in the local newspaper.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**TABLE 2**

<b>Program Element</b>	<b>Expenditures in Previous Fiscal Year</b>	<b>Estimated Amount Needed to implement Order 01-182</b>
1. Program management a. Administrative costs b. Capital costs	\$112,777	\$978,528
2. Public Information and Participation a. Public Outreach/Education b. Employee Training c. Corporate Outreach d. Business Assistance	\$11,087	\$86,274
3. Industrial/Commercial inspection/ site visit activities	\$500	\$65,786
4. Development Planning	\$13,397	\$103,962
5. Development Construction a. Construction inspections	\$18,598	\$144,100
6. Public Agency Activities a. Maintenance of structural and treatment control BMPs b. Municipal street sweeping c. Catch basin cleaning d. Trash collection/recycling e. Capital costs f. Other	\$655,977	\$14,950,701
7. IC/ID Program a. Operations and Maintenance b. Capitol Costs	\$31,747	\$270,642
8. Monitoring	\$4,000	\$30,790
9. Other	\$18,680	\$44,661
10. TOTAL	\$866,763	\$16,675,444

List any supplemental dedicated budgets for the above categories:

None

List any activities that have been contracted out to consultants/other agencies:

Industrial/Commercial Inspections  
Street Sweeping  
Catch Basin Cleaning  
SUSMP Review

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**II. Receiving Water Limitations (Part 2)**

- A. Are you aware, or have you been notified, of any discharges from your MS4 that cause or contribute to a condition of nuisance or to the violation of any applicable water quality standards? Yes  No
  
- B. Has the Regional Board notified you that discharges from your MS4 are causing or contributing to an exceedance of water quality standards? Yes  No
  
- C. If you answered Yes to either of the above questions, you must attach a Receiving Water Limitations (RWL) Compliance Report. The Report must include the following:
  - 1. A description of the pollutants that are in exceedance and an analysis of possible sources;
  - 2. A plan to comply with the RWL (Permit, Part 2);
  - 3. Changes to the SQMP to eliminate water quality exceedances;
  - 4. Enhanced monitoring to demonstrate compliance; and
  - 5. Results of implementation.

**III. SQMP Implementation (Part 3)**

- A. Has your agency implemented the SQMP and any additional controls necessary to reduce the discharges of pollutants in storm water to the maximum extent practicable? Yes  No
  
- B. If your agency has implemented additional or different controls than described in the countywide SQMP, has your agency developed a local SQMP that reflects the conditions in its jurisdiction and specifies activities being implemented under the appropriate elements described in the countywide SQMP? Yes  No
  
- C. Describe the status of developing a local SQMP in the box below.

The City of Cerritos has implemented the Los Angeles County Model Programs.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- D. If applicable, describe an additional BMP, in addition to those in the countywide SQMP, that your city has implemented to reduce pollutants in storm water to the maximum extent practicable.

N/A

- E. Watershed Management Committees (WMCs)

- 1. Which WMC are you in? San Gabriel River
- 2. Who is your designated representative to the WMC? Environmental Services Manager
- 3. How many WMC meetings did you participate in last year? 7
- 4. Describe specific improvements to your storm water management program as a result of WMC meetings.

Over the past several years, the City has improved many areas of its storm water management program as a result of attending WMC meetings. Some examples include the refinement of the City's illicit discharge enforcement procedures, as well as the opportunity to collaborate with neighboring cities on source specific public outreach.

- 5. Attach any comments or suggestions regarding your WMC.

- F. Storm Water Ordinance

- 1. Have you adopted a storm water and urban runoff ordinance to enforce all requirements of Order 01-182? Yes  No   
If not, describe the status of adopting such an ordinance.

N/A

- 2. If yes, have you already submitted a copy of the ordinance to the Regional Board? Yes  No

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

If not, please attach a copy to this Report.

3. Were any amendments made to your storm water ordinance during the last fiscal year? Yes  No   
If yes, attach a copy of amendments to this Report.

G. Discharge Prohibitions

1. List any non-storm water discharges you feel should be further regulated:

None
------

2. List any non-storm water discharges you feel should be exempt, and provide an explanation for each:

Municipal potable water flushing should be allowed provided proper sediment settling BMP's are implemented.
---

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**IV. Special Provisions (Part 4)**

**A. Public Information and Participation (Part 4.B)**

In addition to answering the following questions, attach a summary of all storm water education activities that your agency conducted or participated in last year.

**1. No Dumping Message**

- a) How many storm drain inlets does your agency own? 543
- b) How many storm drain inlets were marked with a no dumping message in the last fiscal year? All were previously marked
- c) What is the total number of storm drain inlets that are legibly marked with a no dumping message? 543

If this number is less than the number in question 1.b, describe why all inlets have not been marked, the process used to implement this requirement, and the expected completion date.

N/A

- d) How many public access points to creeks, channels, and other water bodies within your jurisdiction have been posted with no dumping signage in the past year? No new postings were made during the report year  
Describe your agency's status of implementing this requirement by the date required in Order No. 01-182.

This requirement was completed by the required date.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

2. Reporting Hotline

- a) Has your agency established its own hotline for reporting and for general storm water management information? Yes  No
- b) If so, what is the number? N/A
- c) Is this information listed in the government pages of the telephone book? Yes  No
- d) If no, is your agency coordinated with the countywide hotline? Yes  No
- e) Do you keep record of the number of calls received and how they were responded to? Yes  No
- f) How many calls were received in the last fiscal year? 6
- g) Describe the process used to respond to hotline calls.

Reports of illicit discharges are referred to the Public Works Department. Upon receiving a call, a crew is dispatched to investigate the report. Once assessed, corrective action is taken and the call is logged.

- h) Have you provided the Principal Permittee with your current reporting contact information? Yes  No
- i) Have you compiled a list of the general public reporting contacts for all Permittees and posted it on the [www.888CleanLA.com](http://www.888CleanLA.com) web site (Principal Permittee only)? Yes  No   
If not, when is this scheduled to occur? This task was

completed by the Principal Permittee.

3. Outreach and Education

- a) Describe the strategy developed to provide outreach and bilingual materials to target ethnic communities. Include an explanation of why each community was chosen as a target, how program effectiveness will be determined, and status of implementation. (Principal Permittee only)

N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

b) Did the Principal Permittee organize quarterly Public Outreach Strategy meetings that you were aware of? Yes  No

How many Public Outreach Strategy meetings did your agency participate in last year? 4

Explain why your agency did not attend any or all of the organized meetings.

N/A

Identify specific improvements to your storm water education program as a result of these meetings:

The City of Cerritos has utilized County developed publicity materials and used the County's watershed pollution model at outreach events.

List suggestions to increase the usefulness of quarterly meetings:

None

If quarterly Public Outreach Strategy meetings were not organized, explain why not and when this requirement will be implemented (*Principal Permittee only*).

N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- c) Approximately how many impressions were made last year on the general public about storm water quality via print, local TV, local radio, or other media? This information is available in the Principal Permittee's Annual Report.
- d) Describe efforts your agency made to educate local schools on storm water pollution.

The City of Cerritos has provided environmental programs/presentation at local elementary schools that include topics such as storm water pollution prevention.

- e) Did you provide all schools within each school district in Los Angeles County with materials necessary to educate a minimum of 50 percent of all school children (K-12) every 2 years on storm water pollution (*Principal Permittee only*)? Yes  No   
If not, explain why.

N/A

- f) Describe the strategy developed to measure the effectiveness of in-school educational programs, including assessing students' knowledge of storm water pollution problems and solutions before and after educational efforts (*Principal Permittee only*).

N/A

For Permit Years 2-5, attach an assessment of the effectiveness of in-school storm water education programs.

- g) What is the behavioral change target that was developed based on sociological data and other studies (*Principal Permittee only*)?

N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)**

**Individual Annual Report Form**

**Attachment U-4**

If no target has been developed, explain why and describe the status of developing a target.

N/A

What is the status of meeting the target by the end of Year 5?

N/A

4. Pollutant-Specific Outreach

a) Attach a description of each watershed-specific outreach program that your agency developed (*Principal Permittee only*). All pollutants listed in Table 1 (Section B.1.d.) must be included.

b) Did your agency cooperate with the Principal Permittee to develop specific outreach programs to target pollutants in your area? Yes  No

c) Did your agency help distribute pollutant-specific materials in your city? Yes  No

d) Describe how your agency has made outreach material available to the general public, schools, community groups, contractors and developers, etc...

Materials are made available at facility counters and public events. In addition, the City continues to run ads on its local cable channel, as well as the local newspaper.

5. Businesses Program

a) Briefly describe the Corporate Outreach Program that has been developed to target gas stations and restaurant chains (*Principal Permittee only*).

N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- b) How many corporate managers did your agency (*Principal Permittee only*) reach last year? N/A
- c) What is the total number of corporations to be reached through this program (*Principal Permittee only*)? N/A
- d) Is your agency meeting the requirement of reaching all gas station and restaurant corporations once every two years (*Principal Permittee only*)? Yes  No   
If not, describe measures that will be taken to fully implement this requirement.

N/A

- e) Has your agency developed and/or implemented a Business Assistance Program? Yes  No   
If so, briefly describe your agency's program, including the number of businesses assisted, the type of assistance, and an assessment of the program's effectiveness.

The City of Cerritos distributed pollutant specific materials during industrial/commercial inspections. In addition, the City willingly provides assistance to businesses who seek additional information on storm water pollution prevention.

- 6. Did you encourage local radio stations and newspapers to use public service announcements? Yes  No   
How many media outlets were contacted? 1  
Which newspapers or radio stations ran them?

Los Cerritos Community News

Who was the audience?

Local residents and businesses

- 7. Did you supplement the County's media purchase by funding additional media buys? Yes  No   
Estimated dollar value/in-kind contribution: \$7,700

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

Type of media purchased:

Print Ads

Frequency of the buys:

22 1/4 page ads

Did another agency help with the purchase?

Yes  No

8. Did you work with local business, the County, or other Permittees to place non-traditional advertising?

Yes  No

If so, describe the type of advertising.

N/A

9. Did you establish local community partnerships to distribute educational storm water pollution prevention material?

Yes  No

Describe the materials that were distributed:

Who were the key partners? N/A

Who was the audience (businesses, schools, etc.)?

10. Did you participate in or publicize workshops or community events to discuss storm water pollution?

Yes  No

How many events did you attend? 2

11. Does your agency have a website that provides storm water pollution prevention information?

Yes  No

If so, what is the address?

[http://www.cerritos.us/RESIDENTS/utilities\\_water/water\\_use/stormwater\\_pollution\\_prevention.php](http://www.cerritos.us/RESIDENTS/utilities_water/water_use/stormwater_pollution_prevention.php)

12. Has awareness increased in your community regarding storm water pollution?

Yes  No

Do you feel that behaviors have changed?

Yes  No

Explain the basis for your answers. Include a description of any evaluation methods that are used to determine the effectiveness of your agency's outreach.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

While the City has not conducted any formal survey to measure the increase in storm water pollution prevention awareness, staff has seen an increase in the awareness level of residents contacted in the normal course of business.

13. How would you modify the storm water public education program to improve it on the City or County level?

The City and County should continue to target specific audiences with a higher likelihood of contributing to storm water pollution. Such audiences should be expanded to include pool maintenance contractors and carpet cleaning contractors.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)**

**Individual Annual Report Form**

**Attachment U-4**

**B. Industrial/Commercial Facilities Program**

**1. Critical Source Inventory Database**

Did you (individually or jointly) update the Database for Critical Sources Inventory? Yes  No

Comments/Explanation/Conclusion:

**2. Inspection Program**

Provide the reporting data as suggested in the following tables.

Category	Initial Number of Facilities at the start of cycle proposed for inspection by categories (after the initial year, the updated number based on the new data)	Number of facilities inspected in the current reporting year	% Completed at the time of this report for present cycle (from the initial value, and from the updated value after first cycle)	Total number since permit adoption
Restaurants	0	0	N/A	94
Wholesale Trade	0	0	N/A	51
Fabricated Metal Products	0	0	N/A	13

<b>Comments/Explanation/Conclusion:</b>			

**5. Program Implementation Effectiveness Assessment**

Please give a brief assessment of the implementation of the program in removing pollutants from the storm water discharges. Please provide an explanation. Suggested improvements or adjustments based on the knowledge gained through this reporting period activities must be reflected in a change in the SQMP, if warranted.

Highly Effective

Somewhat Effective

Non-effective

**Comments/Explanation/Conclusion:**

The City of Cerritos has completed all inspections required under Order 01-182. Required inspections were conducted by the City's contract inspector, TECS Environmental. While the inspections revealed relatively few violations, the inspection program provides for an effective public education campaign that targets facilities with a higher likelihood of contributing to storm water pollution.

**6. You must also submit a quarterly electronic submittal of your Industrial/Commercial Facilities Program activities.**

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

C. Development Planning Program (Part 4.D)

- 1. Does your agency have a process to minimize impacts from storm water and urban runoff on the biological integrity of natural drainage systems and water bodies in accordance with requirements under CEQA, Section 404 of the CWA, local ordinances, and other legal authorities? Yes  No

Attach examples showing how storm water quality impacts were addressed in environmental documents for projects over the past year.

- 2. Does your agency have procedures to include the following requirements in all priority development and redevelopment projects:

- a) Maximize the percentage of permeable surfaces to allow more percolation of storm water into the ground? Yes  No

- b) Minimize the quantity of storm water directed to impermeable surfaces and the MS4? Yes  No

- c) Minimize pollution emanating from parking lots through the use of appropriate treatment control BMPs and good housekeeping practices? Yes  No

- d) Provide for appropriate permanent measures to reduce storm water pollutant loads from the development site? Yes  No

- 3. List the types and numbers of BMPs that your agency required for priority projects to meet the requirements described above.

The City of Cerritos had three priority projects during the 2011/12 report year. These projects incorporated a variety of post-construction storm water pollution prevention controls including inlet and downspout filters as well as LID measures such as flow through planters and vegetated swales.

- 4. Describe the status of the development or implementation of peak flow controls in Natural Drainage Systems.

There are no Natural Drainage Systems in Cerritos.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

5. Has your agency amended codes and/or ordinances to give legal effect to the SUSMP changes required in the Permit? Yes  No

6. Describe the process your agency uses to include SUSMP design standards in new development and redevelopment project approvals.

Projects requiring SUSMP compliance are identified in the plan check process. The plans are then forwarded to the City's private engineering contractor for review and approval.

7. How many of each of the following projects did your agency review and condition to meet SUSMP requirements last year?

- a) Residential 0
- b) Commercial 1
- c) Industrial 0
- d) Automotive Service Facilities 0
- e) Retail Gasoline Outlets 0
- f) Restaurants 1
- g) Parking Lots 1
- h) Projects located in or directly adjacent to or discharging directly to an environmentally sensitive area 0
- i) Total number of permits issued to priority projects 3

8. What is the percentage of total development projects that were conditioned to meet SUSMP requirements? 60 %

9. How has your agency prepared to reduce the SUSMP threshold for industrial/commercial facilities to 1 acre from 100,000 square feet in 2003?

Yes – the threshold was reduced in 2003.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- 10. After 2003, how many additional projects per year will require/did require implementation of SUSMP requirements as a result of the lower threshold? Approx. 1
  
- 11. Does your agency participate in an approved regional or sub-regional storm water mitigation program to substitute in part or wholly SUSMP requirements for new development? Yes  No
  
- 12. Has your agency modified its planning procedures for preparing and reviewing CEQA documents to consider potential storm water quality impacts and provide for appropriate mitigation? Yes  No

If no, provide an explanation and an expected date of completion.

N/A
-----

- 13. Did your agency update any of the following General Plan elements in the past year?
  - a) Land Use Yes  No
  - b) Housing Yes  No
  - c) Conservation Yes  No
  - d) Open Space Yes  No

If yes, please describe how watershed and storm water quality and quantity management considerations were included.

N/A
-----

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- 14. How many targeted staff were trained last year? 2
- 15. How many targeted staff are trained annually? 2
- 16. What percentage of total staff are trained annually? 100 %
- 17. Has your agency developed and made available development planning guidelines? Yes  No
- 18. If no, what is the expected date that guidelines will be developed and available to developers? N/A
- 19. What is the status of completion of the technical manual for siting and design of BMPs for the development community?

The Principal Permittee has developed the technical manual.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

D. Development Construction Program

1. Describe your agency's program to control runoff from construction activity at all construction sites within its jurisdiction.

Development construction requirements are outlined in the standard conditions of approval. These requirements include standard storm water pollution prevention notes for all projects, as well as required GCASWP coverage and SWPPP preparation for all projects of one acre or greater. Grading permits are not issued until the requirements have been met.

2. Does your agency require the preparation, submittal, and implementation of a Local Storm Water Pollution Prevention Plan (Local SWPPP) prior to the issuance of a grading permit for all sites that meet one or all of the following criteria?

- |    |  |   |
|----|--|---|
| a) | Will result in soil disturbance of one acre or greater   | Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> |
| b) | Is within, directly adjacent to, or is discharging directly to an environmentally sensitive area | N/A   |
| c) | Is located in a hillside area  | N/A   |

3. Attach one example of a local SWPPP
4. Describe the process your agency uses to require proof of filing a Notice of Intent for coverage under the State General Construction Activity Storm Water permit and a certification that a SWPPP has been prepared prior to issuing a grading permit?

A plan stamp is used which contains fields for both the project's WDID number and receipt of a SWPPP. This stamp will not be signed until qualified projects have met both requirements. Grading permits are not issued until plans are stamped and signed.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- 5. How many building/grading permits were issued to sites requiring Local SWPPPs last year? 0
- 6. How many building/grading permits were issued to sites requiring coverage under the General Construction Activities Storm Water Permit last year? 0
- 7. How many building/grading permits were issued to construction site less than one acre in size last year? 4
- 8. How many construction sites were inspected during the last wet season? 4
- 9. Complete the table below.

Type of Violation	# of Violations	% of Total Inspections	# of Follow-up Inspections	# of Enforcement Actions
Off-site discharge of sediment	0	N/A	0	0
Off-site discharge of other pollutants	0	N/A	0	0
No or inadequate SWPPP	0	N/A	0	0
Inadequate BMP/SWPPP implementation	0	N/A	0	0

- 10. Describe the process for taking enforcement actions against construction site violations, including the types of actions that are taken.

The Public Works Inspector and the Building & Safety Inspectors monitor all worksites. If violations are found, the contractor is directed to correct the violation. If the contractor does not immediately correct the violation, the City issues a Stop Work Notice. No projects required such action during the 10/11 report period.

- 11. Describe the system that your agency uses to track the issuance of grading permits.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

The City's Engineering staff maintains a project log with the status of each grading permit application.

E. Public Agency Activities (Part 4.F)

1. Sewage System Maintenance, Overflow, and Spill Prevention (only applicable to agencies that own and/or operate a sanitary sewer system)
  - a) Has your agency developed and implemented a response plan for sanitary sewer overflows that includes the requirements in Order 01-182? Yes  No
  - b) How many sanitary sewer overflows occurred within your jurisdiction? 1
  - c) How many did your agency respond to? 1
  - d) Did your agency investigate all complaints received? Yes  No
  - e) How many complaints were received? 1
  - f) Upon notification, did your agency immediately respond to overflows by containment? Yes  No
  - g) Did your agency notify appropriate sewer and public health agencies when a sewer overflowed to the MS4? Yes  No
  - h) Did your agency implement a program to prevent sewage spills or leaks from sewage facilities from entering the MS4? Yes  No

If so, describe the program:

The City has an ongoing sewer maintenance program. In addition, upon any report of a sewer overflow, City crews respond immediately and contain the spill. Empire Pipe, the City's sewer maintenance company is called to relieve the back-up. Necessary clean-up is contracted to a qualified contractor.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- i) Did your agency implement a program to identify, repair, and remediate sanitary sewer blockages, exfiltration, overflow, and wet weather overflows from sanitary sewers to the MS4? Yes  No

If so, describe the program:

Cleaning of the sewer system is conducted regularly. Potential problem areas, such as "restaurant row" are cleaned quarterly, at a minimum. The City uses a contractor to purge the lines for this regular cleaning. Any problems discovered during this maintenance are called into the County for repair. Overflows are handled per the City's Sewer Overflow Emergency Response Plan.

2. Public Construction Activities Management

- a) What percentage of public construction sites 5 acres or greater in size did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit ?  %
- b) Give an explanation for any sites greater than 5 acres that were not covered:

N/A

- c) What is the total number of active public construction sites? 0
- How many were 5 acres or greater in size? 0

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- d) (After March, 2003) Did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit coverage for public construction sites for sites one acre or greater? Yes  No

3. Vehicle Maintenance/Material Storage Facilities/Corporation Yards Management

- a) Did your agency implement pollution prevention plans for each public vehicle maintenance facility, material storage facility, and corporation yard? Yes  No

- b) Briefly describe how your agency implements the following, and any additional, BMPs to minimize pollutant discharges in storm water:

- (1) Good housekeeping practices
- (2) Material storage control
- (3) Vehicle leaks and spill control
- (4) Illicit discharge control

Parking lots are swept weekly and spills are cleaned up immediately. Materials are stored where they are not exposed to storm water or other runoff. Vehicles are maintained inside bays that are set up for proper fluid control.

- c) Are all Permittee owned and/or operated vehicle/equipment wash areas self-contained, covered, equipped with a clarifier, and properly connected to the sanitary sewer? Yes  No   
If not, what is the status of implementing this requirement?

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

N/A

- d) How many Permittee owned and/or operated vehicle/equipment wash areas are scheduled to be redeveloped to include the BMPs listed above? N/A

4. Landscape and Recreational Facilities Management

- a) Has your agency developed a standardized protocol for the routine and non-routine application of pesticides, herbicides (including pre-emergents), and fertilizers? Yes  No

Briefly describe this protocol:

A Pest Control Records Sheet is used which outlines the City's responsibilities and requirements when applying pesticides. Supplemental Conditions for the Use of Restricted Materials forms are also used. An annual Restricted Materials permit is maintained for pesticides that City staff is authorized to use, which require special authorization by the County. Training is given to field staff on groundwater protection.

- b) How does your agency ensure that there is no application of pesticides or fertilizers immediately before, during, or immediately after a rain event or when water is flowing off the area to be applied?

City and contract crews will not apply these materials during rain events or when water is flowing. The Parks Supervisor, who holds a Pest Control Advisors License and receives training in Storm Water Pollution Control and Groundwater Protection must approve all requests for application.

- c) Are any banned pesticides, herbicides, fungicides, or rodenticides stored or applied in your agency's jurisdiction that you know of? Yes  No

If so, list them:

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

N/A

d) What percentage of your agency's staff that apply pesticides are certified by the California Department of Food and Agriculture, or are under the direct supervision of a certified pesticide applicator? 100%

e) Describe procedures your agency has implemented to encourage retention and planting of native vegetation and to reduce water, fertilizer, and pesticide needs:

Turf is maintained in the best condition to discourage weeds and disease. Mulching is used whenever possible to discourage weeds in planters. Plant material is chosen that best grow in the conditions provided with respect to water conservation, insect and disease resistance. Educational training is given to staff to recognize soil and plant problems and the best way to treat the problems, using Integrated Pest Management. The City strives to use of most efficient irrigation equipment. Mowing heights are regulated to conserve moisture. Landscape areas are designed to encourage conservation.

5. Storm Drain Operation and Management

a) Did your agency designate catch basin inlets within its jurisdiction as Priority A; Priority B; and Priority C? Yes  No

b) How many of each designation exist in your jurisdiction?  
Priority A: 0  
Priority B: 9  
Priority C: 534

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- c) Is your city subject to a trash TMDL?      Yes  No
- d) If yes, describe the activities and/or implementation measures that your agency conducted pursuant to the TMDL and any other trash reduction efforts that occurred.

N/A
-----

- e) How many times were all Priority A basins cleaned last year? N/A
- f) How many times were all Priority B basins cleaned last year? 12
- g) How many times were all Priority C basins cleaned last year? 1
- h) How much total waste was collected in tons from catch basin clean-outs last year? Refer to Principal Permittee Report
- i) Attach a record of all catch basins in your jurisdiction. This shall identify each basin as City or County owned, and Priority A, B, or C. For all basins that are owned and operated by your agency, include dates that each was cleaned out over the past year.
- j) Did your agency place and maintain trash receptacles at all transit stops within its jurisdiction.      Yes  No
- k) How many new trash receptacles were installed last year?  
None – receptacles were previously placed at each transit stops.
- l) Did your agency place special conditions for events that generated substantial quantities of trash and litter including provisions that:
- (1) Provide for the proper management of trash and litter generated from the event?      Yes  No
- (2) Arrange for temporary screens to be placed on catch basins?      Yes  No

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

(3) Or for catch basins in that area to be cleaned out subsequent to the event and prior to any rain? Yes  No

m) Did your agency inspect the legibility of the catch basin stencil or labels? Yes  No   
What percentage of stencils were legible? 100%

n) Were illegible stencils recorded and re-stenciled or re-labeled within 180 days of inspection? Yes  No

o) Did your agency visually monitor Permittee-owned open channel storm drains and other drainage structures for debris at least annually and identify and prioritize problem areas of illicit discharge for regular inspection? Yes  No   
Is the prioritization attached? Yes  No

p) Did your agency review its maintenance activities to assure that appropriate storm water BMPs are being utilized to protect water quality? Yes  No   
What changes have been made?

None

q) Did your agency remove trash and debris from open channel storm drains a minimum of once per year before the storm season? Yes  No

r) How did your agency minimize the discharge of contaminants during MS4 maintenance and clean outs?

The City of Cerritos contracts its annual catch basin cleaning to LA County Public Works. In addition, all Priority B (the City has no Priority A) catch basins are scheduled for monthly cleaning through a private contractor.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

s) Where is removed material disposed of?

The City's private contractor dumps contents for drying at their facility, if necessary. The dried material is then transported to a landfill for proper disposal.

6. Streets and Roads Maintenance

a) Did your agency designate streets and/or street segments within its jurisdiction as one of the following:

(1) Priority A – streets and/or street segments that are designated as consistently generating the highest volumes of trash and/or litter? Yes  No

(2) Priority B - streets and/or street segments that are designated as consistently generating moderate volumes of trash and/or litter? Yes  No

(3) Priority C – streets and/or street segments that are designated as generating low volumes of trash and/or litter? Yes  No

b) Did your agency perform all street sweeping in compliance with the permit and according to the following schedule:

(1) Priority A – These streets and/or street segments shall be swept at least two times per month? Yes  No

(2) Priority B - Each Permittee shall ensure that each streets and/or street segments is cleaned at least once per month? N/A

(3) Priority C – These streets and/or street segments shall be cleaned as necessary but in no case less than once per year? N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

c) Did your agency require that saw cutting wastes be recovered and disposed of properly and that in no case shall waste be left on a roadway or allowed to enter the storm drain? Yes  No

d) Did your agency require that concrete and other street and road maintenance materials and wastes be managed to prevent pollutant discharges? Yes  No

e) Did your agency require that the washout of concrete trucks and chutes only occur in designated areas and never into storm drains, open ditches, streets, or catch basins leading to the storm drain system? Yes  No

f) Did your agency train its employees in targeted positions (whose interactions, jobs, and activities affect storm water quality) regarding the requirements of the storm water management program to:

(1) Promote a clear understanding of the potential for maintenance activities to pollute storm water? and Yes  No

(2) Identify and select appropriate BMPs? Yes  No

7. Parking Facilities Management

a) Did your agency ensure that Permittee-owned parking lots be kept clear of debris and excessive oil buildup and cleaned no less than 2 times per month and/or inspected no less than 2 times per month to determine if cleaning is necessary. Yes  No

b) Were any Permittee-owned parking lots cleaned less than once a month? How many? Yes  No  N/A

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- 8. Public Industrial Activities Management
  - a) Did your agency, for all municipal activity considered an industrial activity under USEPA Phase I storm water regulations, obtain separate coverage under the State of California General Industrial Activities Storm Water Discharge Permit no later than December 31, 2001? N/A
  - b) Does your agency serve a population of less than 100,000 people? Yes  No
  
- 9. Emergency Procedures
  - a) In case of real emergencies, did your agency repair essential public services and infrastructure in a manner to minimize environmental damage? Yes  No
  - b) Were BMPs implemented to the extent that measures did not compromise public health and safety? Yes  No
  
- 10. Feasibility Study
  - a) Did your agency cooperate with the County Sanitation Districts of Los Angeles County to prepare a study which investigates the possible diversion of dry weather flows or the use of alternative treatment control BMPs? Yes  No
  - b) Did your agency review its individual prioritized list and create a watershed based priority list of drains for potential diversion and submit a listing of priority diversions to the Regional Board Executive Officer? Yes  No

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**F. Illicit Connections and Illicit Discharges (IC/ID) Elimination Program (Part 4.G)**

- 1. Attach a copy of your agency's IC/ID Elimination Implementation Program (Part 4.G.1.a.).
- 2. Attach a map of your storm drain system showing all permitted connections (if available), and the locations of all illicit connections and discharges that occurred last year (Part 4.G.1.b). If your agency has not completed this requirement, describe the status of the development of a baseline map, including an expected completion date.

N/A – Task Completed

- 3. Describe your enforcement procedures for eliminating illicit discharges and terminating illicit connections.

When an illicit discharge or illicit connection is discovered, staff responds to evaluate the situation. If possible, staff makes contact with the discharger to educate them on the storm water pollution prevention laws, and requires them to clean up the discharge or correct the connection. If cleanup is not completed, a violation is issued to the discharger. If needed, City staff is available to eliminate a discharge in a timely manner if the discharger is uncooperative. The case is then referred to code enforcement for follow up.

As of the current reporting period, the City of Cerritos has not discovered any illicit connections.

- 4. Describe your record keeping system to document all illicit connections and discharges.

Public works staff maintains an Excel spreadsheet log of all IC/IDs that are reported to the City, or discovered by staff. Each incident is logged on a map to provide for analysis of potential problem areas in the City.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

- 5. What is the total length of open channel that your agency owns and operates? N/A
- 6. What length was screened last year for illicit connections? N/A
- 7. What is the total length of closed storm drain that your agency owns and operates? 38 Miles
- 8. What length was screened last year for illicit connections? 1 Mile
- 9. Describe the method used to screen your storm drains.

The City conducts visual inspections of open manhole covers.

- 10. Provide the reporting data for illicit connections as suggested in the following table (you may submit a spreadsheet from your database that contains the information).

Year	Total # reported/ identified	Total # investigated	# that conveyed exempt discharges or NPDES permitted	# that conveyed illicit discharges that were terminated	# that were removed	# that resulted in enforcement action	# that resulted in <i>other</i> actions
01/02	0	0	0	0	0	0	0
02/03	0	0	0	0	0	0	0
03/04	0	0	0	0	0	0	0
04/05	0	0	0	0	0	0	0
05/06	0	0	0	0	0	0	0
06/07	0	0	0	0	0	0	0
07/08	0	0	0	0	0	0	0
08/09	0	0	0	0	0	0	0
09/10	0	0	0	0	0	0	0
10/11	0	0	0	0	0	0	0
11/12	0	0	0	0	0	0	0

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

11. Explain any *other* actions that occurred in the last year.

N/A

12. What is the average time it takes your agency to initiate an illicit connection investigation after it is reported?

N/A -  
None  
have  
been  
reported

a) Were all identified connections terminated within 180 days?

Yes  No

b) If not, explain why.

N/A

13. Provide the reporting data for illicit discharges as suggested in the following table (you may submit a spreadsheet from you database that contains this information).

Year	Total # reported	Total # that were discontinued/ cleaned up voluntarily through enforcement and the source was identified	# that were cleaned up but the source could not be identified	# that resulted in no evidence of discharge	# that were determined to be conditionally exempt	# that were exempt or in compliance and the source identified	# that resulted in enforcement action
01/02	6	2	0	1	0	0	3
02/03	6	6	0	0	0	0	0
03/04	8	2	5	1	0	0	0
04/05	18	5	8	3	2	0	0
05/06	16	11	4	0	1	0	0
06/07	5	4	1	0	0	0	0
07/08	11	7	1	3	0	0	0
08/09	9	9	0	0	0	0	0
09/10	6	4	1	1	0	0	0
10/11	7	7	0	0	0	0	0
11/12	8	6	2	0	0	0	1

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

14. What is the average response time after an illicit discharge is reported? > 1  
Hour

a) Did any response times exceed 72 hours? Yes  No

b) If yes, explain why.

N/A

15. Describe the your agency's spill response procedures.

When notified of a potential illicit discharge, Public Works crews respond immediately to the site of the incident. Catch basins are blocked to prevent entry of pollutants. Once contained, responsible parties are identified and clean-up is conducted.

16. What would you do differently to improve your agency's IC/ID Elimination Program?

The City finds its current program to be effective at mitigating illicit discharges.

17. Attach a list of all permitted connections to your storm sewer system.

**Los Angeles County Municipal Storm Water Permit (Order 01-182)  
Individual Annual Report Form  
Attachment U-4**

**V. Monitoring**

Briefly describe any storm water monitoring activities that are not required by Order No. 01-182 that your municipality conducted, participated in, or received funding to conduct in the past fiscal year. These activities should correspond with the dollar amount you listed in Table 2.

**VI. Assessment of Program Effectiveness**

- A. Attach a summary of the effectiveness of your storm water management program. This summary should include, at a minimum, the following:
1. An assessment of your agency's compliance with permit requirements, based on your responses to the questions in this form;
  2. Descriptions of any evaluation methods that your agency uses to determine the effectiveness of your storm water management program;
  3. A summary of the strengths and weaknesses of your agency's storm water management program;
  4. A list of specific program highlights and accomplishments;
  5. A description of water quality improvements or degradation in your watershed over the past fiscal year;
  6. Interagency coordination between cities to improve the storm water management program;
  7. Future plans to improve your agency's storm water management program; and
  8. Suggestions to improve the effectiveness of your program or the County model programs.
- B. On a scale of 1 to 10 (10 being full implementation of requirements by their deadlines), rate your municipality's level of compliance with Order No. 01-182.
- C. List any suggestions your agency has for improving program reporting and assessment.
