

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, REGION 4, LANCASTER

10TH STREET WEST TRANSMISSION MAIN, PHASE IIIA

Scope:

Install approximately 1,360 feet of 30-inch diameter steel transmission main and appurtenances to help close a transmission loop within the 2555 pressure zone.

Location:

City of Lancaster — Along 10th Street West, between Lancaster Boulevard and Jackman Street.

Benefits:

Improve water quality, system reliability, and enhance fire flow capacity.

Status:

Completed April 2014
