

# LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40, REGION 4, LANCASTER

## AVENUE K 36-IN TRANSMISSION MAIN, PHASE II

### Scope:

Install approximately 8,000 feet of 36-inch diameter steel transmission main and appurtenances to help close a transmission loop within the 2555 pressure zone.

### Location:

City of Lancaster — Along Avenue K, between 5th Street East and 20th Street East.

### Benefits:

Improve water quality, system reliability, and enhance fire flow capacity.

### Status:

Completed March 2014
